Dear William,

Thank you for taking the time to write to me about my views on the fundamental American right to bear arms.

As an NRA life member and someone who believes very strongly in the tradition of the Founders I am strongly supportive of the right expressed both as the Second Amendment to the US Constitution and in Article I, section 21 of the Pennsylvania Constitution.

I have long believed that restricting the rights of the law abiding does not have an impact on criminals who, by definition, break the law. My efforts are directed towards the passage of laws that target criminal behavior and not inanimate objects.

I look forward to working with your organization to further our mutual goals.

Please let me know if you have additional questions.

Sincerely
